Bath Groom Nail Trim Other: _____

I understand that if proof of vaccination is not provided, then Brambleton Veterinary Hospital will update my pet on all necessary vaccinations. For cats, proof of a FeLv/Fiv test is also required, or a test will be performed while boarding. Any pet with fleas or ticks upon boarding will be required to be bathed and treated as the doctor sees fit, at the owner's expense. If any problem develops while my pet is boarding then said problem will be treated at the doctor's discretion and I will assume full responsibility for treatment expenses. I also understand that Brambleton Veterinary Hospital does its very best to keep exposure to external parasites and infectious agents to a minimum and that if my pet is exposed I assume any and all expenses incurred.
